True life is never ending
Through life find understanding
Show me the way, show me the way

Between all lines gaze nearer
Death is the gate, see clearer
Calling for life, calling again

Something is reaching out to tell
Something is breaking out
To enlighten me

You Shine for me
You'd be left on your own, to stay
Oh, your call
somewhere in time to see
Eternally

Reach for eternal answers
Reborn again new chances
Showing the way, showing the way

Somewhere it's reaching out to tell
Somehow it's breaking out
to enlighten me

You Shine for me
You'd be left on your own, to stay
Oh, your call
somewhere in time to see
Eternally

Into equations endless
To understand, completion plan
Always and ever
To break eternal questions
Rise above, all signs
Still can't find my peace...

Far away I'm lost and drawn into
Discovering all questions asks when you
Seek that knowledg

Far horizons you'll find
Misty mornings, your lifeline

You Shine for me
You'd be left on your own, to stay
Oh, your call
somewhere in time to see
Eternally

You Shine for me
You'd be left on your own, to stay
Oh, your call
somewhere in time to see
Eternally
