"The Celestine Prophecy"

Through these sacred eyes I see
What has been and what will be
Mesmerized, the will to find the way
Seeking wide to find the key
To mesmerize
Waiting, Climbing, Searching
The Way

Through the skies hear the whispering silence
To the eyes of the grandest conclusion of war

Charging humanity
Save us, unite us
There's whispers in the wind - blowing

Higher consciousness Our Race
Now envolved in the next phase
Tranquilized, a higher state of grace
Light the fire in Those who dwell
Urantia
Open their eyes
Mission Athena

Through the skies hear the whispering silence
To the eyes of the grandest conclusion of war

Terminate the mortal shell
Crypted codes unleashing hell

Charging humanity
Save us, unite us
There's whispers in the wind - blowing

Ascending higher
Rise to the light
The Celestine Prophecy

Nine Insights will lead the way
To transform as One
Charging mass consciousness
Twelve tribes of Israel

Through the skies hear the whispering silence
Charging up to a mindwarp
Powersource, parallel aiming
Melting cosmos and Tellus again

Terminate the mortal shell
Crypted codes unleashing hell
In this world United Force
Enigmatic Calling all

Charging humanity
Save us, unite us
There's whispers in the wind - blowing

Ascending higher
Rise to the light
Some will rise up some will perish
Lead us higher
Eternally
Charging humanity
Save us, unite us
Before the night takes us all
