Intro-Toto-Africa

It's gonna take a lot to take me away from you  
There's nothing that a hundred men or more could  
ever do

Verse 1- J. Popsie

Layin' in bed, 2am texting you after I said goodnight to  
my girl,  
Thinkin' this has gotta be the end before I lose my  
whole world,  
But there is always that one girl that you fall back to, no  
matter what  
They do,  
You always answer every text or pick up every phone  
call,  
Even though you know there bad news, you refuse to  
let them go  
'Cause if you did you would feel all alone,

Sometimes you gotta cut off all ties, and start from  
square one, tell them  
That it's done, too many broken promises and false  
hopes,  
And I can't but to remember, the last note that you ever  
wrote me,  
You told me that "you once had my heart but then you  
broke it, yeah boy ya  
Broke it"  
Well...

Chorus-JoJo-Anything

'Cause every time that we rendezvous  
I don't wanna go back home  
And every time that I'm holding you  
There ain't no way to let you go

You're shining down, boy, the game is through  
And I don't wanna play no more  
'Cause the only one that I want is you  
So tell me what you wanna do because baby

Verse 2- J. Popsie

The sun has set, on this relationship, I said that I would  
never quit but I  
Had to let you go,  
Took your number out my phone, no more drunk phone  
calls, and these  
Memories, well, you can have em all,  
Especially the night when I started to fall, you pushed  
me away, now you  
Want me back,

I'm sick of these f\*\*\*ing games, 'cause girl your giving  
me a heart attack,

Yes, I was in love can't deny the fact, but I can longer  
make excuses for  
Your actions,  
'Cause I care for you a whole, you cared for me a  
fraction,  
Hope that you got some, satisfaction in tearing me  
apart, no we can never  
Take things back to the start,  
'Cause I let down my guard and you did was tear me  
apart

Cause every time that we rendezvous  
I don't wanna go back home  
And every time that I'm holding you  
There ain't no way to let you go

You're shining down, boy, the game is through  
And I don't wanna play no more  
'Cause the only one that I want is you  
So tell me what you wanna do because baby

Tell me what you wanna do girl
