

12 Ton Sledge "Diseased Brain"

Visit "[Diseased Brain](#)" on MotoLyrics.com

Bad natured from the start
Always angry, without a heart
Soulless man, without remorse
A deadly mission without recourse

Politician, for the dying game
Exhibition, a diseased brain

Killing for pleasure, he sharpens the knife
Never realizing wrong from right
A bad seed, a rotten apple
Labeled he is a walking disaster

Politician, for the dying game
Exhibition, a diseased brain
Contortion, twisting, writhing,
Dementia, diseased brain
