Aint nothin' better than the city skyline  
To face off your notes  
And I thought I went too far  
But I didn't even get close  
To the things that you've seen,  
The places I've been  
I see through every sin

Jump off the pavement,  
I'm goin' in!

She never tried it, that's what she said  
I've seen far too much stuff  
Get away!

She never tried it, that's what she said  
Well I've seen far too much stuff  
Get away!

This is easy!

You tried too hard to please me  
This is easy!

You tried too hard to reach me

You start talking and the words start tyin' up  
Freakin out, checkin out, what  
There's too much time between us  
Did you think I could sleep without you?

Your bones next to mine and I close my eyes  
I'll keep my mouth shut, baby  
You know the lies

She never tried it, that's what she said  
Well I've seen too much stuff  
Get away!  
This is easy!

She tried too hard to please me  
This is easy!

Oh, she tried too hard to please me
