Verse I.

Your Presence is still,
Don't turn your fuck on me,
No one attacks me for impurity,
Delusions, Glimpse around from hell,
Cursed... My mind... ,
Swallowed the sun.

Verse II

Justice for all, death for all of them,
Unrespectable triggers the violence,
Verbosity sucked into our lives,
A presistant, Calls my mind,
Swallowed the sun.

Chorus:

This is the war,
Of Uttermost!
Executing the prophecies,
Apprehension,
Of your omnipotence!

Bridge:

Destroy, destroy everything you've created
Enjoy, enjoy your new life begins to burn.
