I'll never give you my heart never ever
If the gift is so hard to bear together
I'll never give you my heart never ever
If you don't feel inside you become a lover

Ooh take the whole
I want you to know I
Loose lose control
Every time you're not mine

I'll never give you my heart
My will is weak, my will is yours
Give me one part
To soothe me, to soothe me

Wall your face and wall your heart
Nothing will veil the hole
Wall your faith and wall your harm
Nothing will calm your soul
When you'll face it, never get mentioned

I know this tune by heart
Give a little, give a little to all not to give all to one
The same old round
Give a little to all not to give all to Â...
One by one rewind until we lost the thread
You could be surprised by the end of the story

Wall your face and wall your heart
Nothing will veil the hole
Wall your faith and wall your harm
Nothing will calm your soul
Heal the cold in your arms and never give it back
Suck the best of everyone and never give it back
When you'll face it, never get mentioned

Blood red feet in the dark dance dance!
Blood red feet in the dark dance dance!
Blood red feet in the dark dance dance!
An other way to get out

Wall your face and wall your heart

Nothing will veil the hole
Wall your faith and wall your harm
Nothing will calm your soul
Heal the cold in your arms and never give it back
Suck the best of everyone and never give it back
When you'll face it, never get mentioned
