"You Robbers!"

You robbers I saw you steal my fears
To feed the hunter
You cheaters I felt you catch my tears
To stir his anger
Youth smothered I spread flu in his ears
To light the fire
Truth speakers you withdrew behind the hills
Your failures

I can't stand
When your eyes hypnotize
Like this

Years without to know if the skin I touched
Was mine
I keep on searching for the way to
Deaf and blind
You wankers dug my soul but don't think you'll
Undermine
What time and dreams built on the hunter
In disguise

I won't face my double
I won't face the one who
Makes me insane and troubled
I won't face my double

I can't stand
When your eyes hypnotize
Like this

You have trapped my nails
In your crooked hands
Grab and put my neck
In your routine mane
I came back to you
Recaptured
Going back and forth
In this cage of wrath

I can't stand
When your eyes hypnotize

Like this
I won't face my double
I won't face my double
I can't stand
When your eyes hypnotize
