Young tone verse: Up late going hard in the studio
Look when I rap I hope you feel it that's for you to know
I hit the blunt and pass the 100 proof to Julio
The critiques got the camera rolling like a movie
though
Look I'm a monster school yard bully flow
I know a couple n***** twist your wig like coolio
Riding through the strip blunt lit with a groupie hoe
I got the them hooked online Call of duty flow
Oh them n***** hate it how I switch up
All the girls pick us Louis vuitton zip up
If my name coming out his mouth like a hiccup
All my n***** clip up the doc gone have to stitch up
KNow it's money calling every time my phone lift up
Ha The plug Calling quiet down while I pick up
That's all I am saying do you rap actors
You hustling wrong you're a pedalin backwards

Ray al verse: Higher than king james vertical
Going in circles getting Dizzy blowing purple os
Grind don't waste all your time trying to flirt with hoes
You ain't gon have s*** to show when's that curtain
close
And them lazy n***** will hurt you
So I get it in early like curfew
If they don't feel a n**** now they gon learn to
Super bowl flow but they watch it for the commercial

And my mom play my father's role bad little snotty
nose
Never made of honor roll
Future still promising a kick it like karate flow
Sky diving minus the parachute geronimo
Plenty lick a lot of smoke, gone like adios it hit my ass
like a body
Blow to the abdominal
First string you other bumb rappers don't get to ball
Disregard big or small genocide kill them all
Rappers get up on the mic and say anything
That's why the hood aint f***** with you like skinny
jeans
First string ill5th winning team

And I heard you niggas rap mini me's
We gonna take the game over by any means
Know what I mean we exactly what the city needs
And I aint trying to catch a charge like I'm in the key
Customer when it's all said and done they gone
remember me
Goodbye
