I've got you  
We're gone for sure  
But then you stayed  
And now I know when your walls  
Came down  
As we look to the sky  
And we see the sun  
And the whole future lies  
Before us looking bright

You are the light  
You are the key  
You're everything  
You're all I need

You're all I need

Need (repeat)

When you say you're so afraid  
Of something's changed  
And I wonder where you are  
Came down

As we look to the sky  
And we see the sun  
And the whole future lies  
Before us looking bright

You are the light  
You are the key  
You're everything  
You're all I need

You are the one to carry me  
You're everything  
You're all I need

You are the light  
You are the key  
You're everything  
You're all I need

You're all I need.
