Clayton

Oh yes, we're back ! We're here to remind you.

Oh yes, we're back ! And we're here to stay.

We're on attack! Leave your worries behind you.

We're gonna party 'til the break of day

A new sound. A new Celebration

Just relax your mind. (Relax your mind)

We'll get down ... from nation to nation.

Everybody's gonna have a real good time !

Coz' we are back into the groove.

So, come on let's see ya move, all night.

Yes, we are back into the groove

Let's get in the party mood, tonight

We took some time to get it together

Right down the line to get it complete

Caus' now's the time - we're back and we're better

We're even better than we used to be

A new sound. A new combination

We'll revive your mind (Revive your mind)

In every town, from station to station

Everybody's gonna have a real good time!

Coz' we are back into the groove.

So, come on let's see ya move, all night.

Yes, we are back into the groove

Let's get in the party mood, tonight

We're gonna be back, back into the groove, yeah

Yes, we're back down in the groove

Yes, we're back down in the groove

Coz' we are back into the groove.

So, come on let's see ya move, all night.

We're gonna be back, back into the groove, yeah

Yes, we are back into the groove

Let's get in the party mood, tonight

H? yeah yeah, back into the groove

Coz' we are back into the groove.

So, come on let's see ya move, all night.

Come on let's see ya move, yeah - oh we're back

Yes, we are back into the groove  
Let's get in the party mood, tonight  
Coz' we are back into the groove.  
So, come on let's see ya move, all night.
