Soul seekers are on the way.
Heaven lays down and surrender.
Gods swear in the name of us.
Infernal power of making love.
Behind the scenes everything's real.
Opportunity to a never know level.
Lust immortal, pain eternal.
Revolution, symphony of pleasure.

Open up your naked body.
Surrender for my punishment.
Slaver, between your legs.
Begging for the salvation.
Enter, ejaculate, exterminate, evacuate.
Screaming, vibrating.
Orgasmic dance of the body and mind.

Distortion of me, disordering you.
We feel the same... pain...
Corruption of yours, corrupting me.
We're killing the same... pain...
Take my hand and join me.
In this eternal damnation of lust.

Hear my scream,
Like a flame dance the night away.
Through the line, close your eyes,
Let these worlds collide.
Hear my scream,
Like a flame dance the night away.
Through the line, close your eyes,
Let these worlds collide.

Rule forever, dance together.
Lust immortal, pain immortal.
Rule forever, dance together.
Take my hand and join me in this eternal damnation of
lust.

I am closer, your moisture lips.
Inch by inch diving deeper.
Sexual grand-opening.

Addicted to these bodies reaction.
Eyes more radiant than the moon.
As she collapses in my arms.
Nature kneels down today.
The higher moment just for you.
Souls touching, each others.
Becoming as one as ment to be.
Eyes more radiant than the stars.
As we collapse into this sin.
