

## 2 Ton Predator "Bone Brigade"

Bring me torture  
Drive rusty nails through my flesh  
I believe in slaughter  
I've grown horns upon my head

Bleed with the bonebrigade  
The plague of our time  
Bleed with the bonebrigade  
The plague of our time

Flickering candles  
Casting light over BLOOD-STAINED hands

Feeding the demons  
Rip the flesh from my bones

Bleed with the bonebrigade  
The plague of our time  
Bleed with the bonebrigade

The plague of our time  
Red lights flashing by  
Another hour of my life  
All alone in my rapture  
Laying on the ground
