[Verse 1: Juliet]

Don't wake me up

Each night while I dream  
You stand beside me as my king  
As it always was, we reign supreme  
I'm the queen of the day  
We are kept away until the twilight  
We can meet, briefly  
In the twilight, our reality  
Cross- fade, and I can see your face,  
In my dreams, until I wake up

[Hook: Juliet]

It's a nightmare, your nowhere,  
When I wake up, it's a nightmare  
Until the twilight  
I want to fall asleep

[Verse 2: Pages]

There ain't enough room for us all  
So bow down to the K-town and keep moving along  
I have no patience for ya'll  
Fake emcees what you are is a disgrace to the raw  
Way too fake to belong  
On the same stage where the real renegades get it on  
I ain't playing games with you dawg, so ring the  
alarm  
I'm about to hit your base with a bomb!

[Hook: Juliet]

It's a nightmare, your nowhere,  
When I wake up, it's a nightmare  
Until the twilight, I want to fall asleep

Don't wake me up

Don't wake me up

[Verse 3: Pages]

I'm claiming the K-town, yeah  
Ya'll know fake rappers get no respect out here  
I know that you have no idea

Of how to use the tactics of underground rap warfare  
I show my enemies no fear  
When I'm on the scene punks have a tendency to  
get scared  
You're fucking with the real right here  
Mainstream Hip-Hop's muthafuckin' worst  
nightmare.

[Hook: Juliet]

It's a nightmare, your nowhere,  
When I wake up, it's a nightmare  
Until the twilight  
I want to fall asleep

[Verse 4: Pages]

You half ass cats can't hang  
Faking the funk and not doing a God-damn thing  
But giving emcees a bad name, your motives are  
corrupt  
So we're shutting down your whole campaign  
You suckers better step back ASAP  
I'm attacking and spitting that flame  
Ya'll cant fade me I'm a rebel on a rampage  
Out Of Hand with a plan to invade the rap game,  
c'mon

[Hook: Juliet]

It's a nightmare, your nowhere,  
When I wake up, it's a nightmare  
Until the twilight  
I want to fall asleep

Don't wake me up  
Don't wake me up  
Don't wake me up
