Feel like I'm wasting away  
Like fading  
And I know that you want me to stay  
Like remaining  
And I know that you want me to go

Go and find myself  
Find myself  
I won't lie to myself  
Hey but I can't find  
The feelings inside  
I've left behind

Feel like I'm wasting away  
Like fading  
And I know that you want me to stay  
Like remaining  
And I know that you want me to go

Go put it on the shelf  
Put it on a shelf  
Don't put it on ourselves  
Hey but I can't find  
The feelings inside  
I've left behind

I can't sit here forever  
I've waited for too long  
I can't wait  
Forever  
And I've waited  
Yes I've waited  
All alone  
Yes I wait all alone

Feel like I'm wasting away  
Like fading  
And I know that you want me to stay  
Like remaining  
And I know that you want me to go

Go and prove myself

Abuse myself  
Until I loose myself  
Hey but I can't find  
The feelings inside  
I've left behind

Feel like I'm wasting away  
Like fading  
And I know that you want me to stay  
Like remaining  
And I know that you want me to go
