No one can save you, nobody wants to 'cause you've  
gone too far  
Sharp as a knife's edge, is the edge of your bed, so in  
control  
You make it seem, it's all a bad dream, you were never  
told  
Oh Sesatia, I wanna save ya, don't be a hard chase, I'm  
gonna change ya  
Your eyes were candy, your flesh was handy to an easy  
mark  
Pearly white necklace, icy cold bracelets, pain and  
pleasure chains  
They were a matched set, it was a bad bet, such a  
sordid scene  
Oh Sesatia, I wanna save ya, don't be a hard case, I'm  
gonna change ya  
Oh Sesatia, I wanna save ya, don't be a hard case, I'm  
gonna change ya  
You took it out one time, but you didn't come back  
You think it's just so fine, but it ain't gonna last  
(Solo)  
They were a matched set, it was a bad bet, such a  
sordid scene  
Oh Sesatia, I wanna save ya, don't be a hard case, I'm  
gonna change ya  
(repeats out)
