"Inside A Lie"

You show me all my desires
Simply to destroy them
Just in time before
You?d take my life
You?d take my soul
Burn
Inside
Burn
Inside a lie

Scratching my skin to save your soul
Scream your lies to hurt my heart
You know what you did between lies and fear

Scratching my skin to save your soul
Scream your lies to hurt my heart
You know what you said between lies and fear

A latent thought inside my mind
Help me to wake up
Just in time before
You?d take my life
You?d take my soul

Deep
Inside
Deep
Inside a lie

Scratching my skin to save your soul
Scream your lies to hurt my heart
You know what you did between lies and fear

Scratching my skin to save your soul
Scream your lies to hurt my heart
You know what you said between lies and fear
