Can You Feel It?

Check it out

Chorus:

MotoLyrics

I'm here

Hey yeah yeah yeah

Hey hey yeah

Always

I'm here (Can You Feel It?)

Hey yeah yeah yeah

Hey hey yeah

(Can You Feel It?) oh uh uh

Sweet like liquorice sugar from my booger

Juice it like Hi-C, or an Icey

I got s**t to make y'all, write a bad check

Coz like I said I ain't afraid of the sweat

Beat on my drum if you feel the need to

As I proceed to open up and feed you

I got a longing to put you where you wanna be

Bin I key and I get rid of all company

Only the lonely die slowly

Left all alone trying to control me

Hot peas and butter baby come and get your supper

Before I make you suffer, that's when you had enougha

Can I get hot when you hit the jackpot

Surely I can if you the man

It's natural, never be ashamed

To fame hit the name and kick the game

Chorus:

I'm here (Can You Feel It?)

Hey yeah yeah yeah

Hey hey yeah

(Can You Feel It?) oh uh uh

I got loose and produce large amounts of juice

Can you get used to that or do you need a boost

Of energy, to enter me and get it on

You're getting warm, I can feel you getting closer

Now baby down is mamosa

You better believe it's time to give a toast to

The woman of the decade too bad to be played

Get vexed and I'm bound to throw shade

All over your body, who's body

Your body, I can rock a party like nobody

Leaving time and take home the loot

Now let me take sight see ya loving the light

Life ain't all that unless you're doing it right

Now who from the chosen shall I choose

Yeah now you wish you was in his shoes

I found me a new ***** this year

That knows how to
