I can't see my way when shame is covering my eyes.  
Carry a flame for me that I might make it;  
Faltering forward as the time.  
I can leave no traces  
Or I can move the stars in space;  
But I can say nothing for the weight of the action that  
lies like scars upon my face.  
But I will say for you anything you need to hear...  
I mean it;  
Take the longing from these restless eyes  
And keep it for as long as you need it.  
I mean it;  
Take the longing from me.

I won't see you changing should you remember me  
somehow.  
What in the world would make me feel that way  
When nothing on earth would make me now?

All I ever wanted was something that I have never seen.  
And all that I ever offered was something that I have  
never been;  
But I will play for you any part you need, my love...  
I mean it;  
Take the longing from these restless eyes  
And keep it for as long as you need.  
I mean it;  
Take the longing from me.

I can't make things right, baby  
But you know that I will try.  
Say that I waited from now till forever;  
Say that my tongue should never speak;  
Say that I stayed here and lay down beside you;  
Say that I buried my mouth in your hair.
