I guess it's liver again.  
Can't you make some pork?  
Have you heard of this animal called a pig ?

Watcha do to this pudding ?  
My ulcer's starting to bleed.  
This sludge's obscene - quick, get my gun!

I-i-i want that filth off my screen.  
Degenerate game show pornography.

Mr. John Birch is having troubles  
Fulfilling his marital obligations.

God you're getting fat!  
Can't you suck in that gut ?  
Change the channel too, I wanna watch the news.  
She threw the baby out the window,  
Pervert on angel dust.  
Liberal New York faggot scum atheist.

I-i-i sometimes dream:  
I'm a dressed girl,  
With ho chi minh,  
In the prison yard.  
Balls and chain.  
Balls and chain.

Mad dogs on a bone.
