huh ah yeah/yeah yeah baby
everyday there's something you have started
electrifying like I'm struck for losses
hey how you been your emotion
it's like another craze
(don't you know I love it, can't get enough of it)
your love has a way of applying satisfaction
well, let me tell you our love is friction
between us baby yeah, you've got the head start
(don't you know I love it, can't get enough of it)
* huh ooh, yeah
huh ooh ooh, oh baby
huh ooh, yeah
don't you know I love it, can't get enough of it
yeah, acts of peace is what we're aiming for
but with you baby, everyday is war
but now it's over, you've got the white flag of love
(don't you know I love it, can't get enough of it)
your love has a way of applying satisfaction
well, let me tell you our love is friction
between us baby yeah, I've got the head start
(don't you know I love it, can't get enough of it)
[* - repeat]
huh ooh/huh ooh ooh/huh ooh
don't you know I love it, can't get enough of it
** tell you what, tell you what
she really loves him
can't get enough of his great sweet loving
tell you what, tell you what
she's always thinking
he's slack so get back, now
he's really something
I can't right over wrong except when I'm here
they think I'm so proud of this soul cavalier
hey how you been your emotion
it's all been natural
(don't you know I love it, can't get enough of it)
[* - repeat]
don't you know I love it, love it, love it
can't get enough of it, of it, of it
don't you know I love it, can't get enough of it
don't you know I love it

don't you know I love it, can't get enough of it
[* - repeat]
huh ooh ooh ooh, baby yeah
huh ooh ooh, oh baby
huh ooh, yeah
don't you know I love it, can't get enough of it
[** - repeat]
(huh ooh, yeah) ah, he's all mine
(huh ooh ooh, oh baby)
and I think you should leave him alone
he is so fine (huh ooh, yeah)
oh I can't get enough of his arms
I love that guy, oh!
(don't you know I love it, can't get enough of it)
