ooo-oooh oooh-oooh, ahh yeahhh  
mm, ooooooh, ooooooh, baby  
oooh, hey, yeah, yeah, yeah

can't imagine life without you  
chances that we take  
on all the time fate, oh yeah  
deep inside never knew  
like a bird flying high  
flowing free through my mind

[Chorus:]  
eyes don't lie, that's why  
I know you're thinking of me  
and I don't lie 'cause I  
I want to make your dreams come to life

I've waited for so long to decide  
then you came along  
and made up my mind, oh yeah  
I never thought that I  
could ever want someone  
for the rest of my life

[Chorus x2]

why don't you give me tonight  
and let you how you feel inside  
our love will grow  
and I want the world to know  
what I can see the light  
'cause eyes don't lie, ohh

[Chorus - repeat til fade]
