Maybe I'm right [Ooh, hoo, hoo, hoo]
Maybe you're too young to decide
Maybe you're blind [Woo, hoo, ooo, ooo]
She just wants to use you

[Chorus:]

Maybe I'm right, maybe you're too young
To decide on who you hung up on
Maybe you're blind, she just wants to use you
When decide on who you hung up on

Maybe one day you'll see the light
What will it take for you to realize
To think to have one will satisfy
Who will be that special one in your life

I'm gonna be there when you need me
When things don't go right
I wanna find you when you're lost in a love that's alright
(It's alright)
I'm gonna guide you to the place where you're thinking
of
But I refuse to be your second hand love
Yeah

[Chorus]

Never miss love until it's gone
To find that good thing's in another man's arms
Don't walk away unless you're sure
That you make the right choice, yeah

I'm gonna be there when you need me
When things don't go right
I wanna find you when you're lost in a love that's alright
(It's alright)
I'm gonna guide you to the place where you're thinking
of
But I refuse to be your second hand love, oh, ohhh

[Chorus]

Not looking for another man to start again
Everything will be different
Don't say goodbye, that make me cry
I just can't live without you in my life

[Repeat Chorus 'til fade]
