shoop da da, shoop yeah

[Chorus:]

I give you love, you give it back  
our love will always be like that  
I give you love, you give it back (give it back)  
our love will always be like that

it's one of those days  
and you're on my mind  
I really need your love  
I think of you all the time  
in many, many ways  
you're here with me  
you know fantasy  
I bring you love, so baby  
step into my world and you're into me  
you feel so good, I can't deny your heart  
oh, what can I say  
you make me feel this way  
so come on over to me, baby  
you know you are the one

[repeat chorus]

shoop da da, shoop yeah  
shoop da da, shooby do do do yeah  
shoop da da, shoop yeah  
shoop da da, shooby do do do yeah

when I'm giving you love,  
you give it to me  
I swear to God you're all I need for me  
I'll let you have your way  
ooh, I'm going your way  
I'm feeling all I need for you, so  
step into my world, come in my life  
you'll never find another baby  
that will keep you satisfied

take all my heart  
you know you want my love  
so come on over to me, baby  
you know you are the one

[repeat chorus x2]

shoop da da, shoop yeah  
shoop da da, shooby do do do yeah

[repeat chorus]

[Chorus 2:]  
(I give you love)  
I give you love, you give it back  
(baby, I give it back)  
our love will always be like that  
(I give you love)  
I give you love, you give it back  
(baby, I give it back)  
our love will always be like that

[repeat chorus 2 til fade]
