I used to die for all the wrong guys
I didn't really know what I wanted
I never cry with the tears inside
left me with a heart that was haunted
I took the blame, it's always the same
I never, ever woke up without it
and now the pain's started over again
now I'm doing something about it

tonight, the waiting's over
I'm taking over

now I'm in control
when the pressure's on, no I won't let go
now I'm in control
I can love you so with my heart and soul
now I'm in control
if you turn me on, I can let you know
now I'm in control
can't you feel tonight I'm in control

there comes a time when I made up my mind
no one's gonna take me for granted
I never hide when my heart is alive
for recognize the love when I found it

tonight, the tide is turning
tonight, I'm burning

(chorus)

tonight, the tide is turning
tonight, you know I'm burning
tonight is so exciting
there's no denying

now I'm in control
when the pressure's on, no I won't let go
now I'm in control
can't you feel tonight I'm in control
now I'm in control
I can love you so with my heart and soul

now I'm in control
can't you feel tonight I'm in control
now I'm in control
if you turn me on, I can let you know
now I'm in control
can't you feel tonight I'm in control
now I'm in control
can't you feel tonight I'm in control
