I'm living in a world of a strange land
there ain't any familiar things
I don't know what to do
baby, I need you
to release my insanity
I know you know the answers
to bring the real love back to me so
just take my hand
say you'll walk with me
through the test of time with me
you must understand
baby, can't you see
that I know that you know
[Chorus:]
baby, this is some kind of magic
I just can't wait no more
what can I do to get through to you
if you love me, you got it
'cause I'll be right through that door
to be in your arms
I couldn't ask for more
I didn't know I'd fall
I guess you took me by surprise
beneath the exterior
you made me feel inferior, baby
so when we're all alone
just bring your loving back to me
I'll show you much magic, boy
I'm gonna be your pride and joy so
so just take my hand
say you'll walk with me
through the test of time with me
you must understand
you're the world to me
and I know that you know
[Chorus]
oh yeah
[Chorus]
more, more
[ad-lib]
so just take my hand
say you'll walk with me

through the test of time with me
you must understand
you're the world to me
and I know that you know
baby, this is some kind of magic, magic
what can I do to get through to you
if you love me, you got it, got it
ohhh...
to be in your arms
I couldn't ask for more
ooh yeah
[Chorus x4]
baby, this is some kind of magic, magic
if you love me, you got it, got it
to be in your arms
I couldn't ask for more
baby, this is some kind of magic, mgic
what can I do to get through to you
if you love me, you got it, got it
