Nothing's wrong
You better check if you're insane
Something's wrong
Too many blinds, no way to live
Kill the lord
No way that god is in the rain
Shelter's gone
Now river wants to be a lake

Enough to fool the world
We want to know the unknown
Black truth in your eyes

Shields and swords
Will be the justice, a new age
Lights will fall
Now using fire I want to see
Black new world
Believe in heaven, only flames
Build new doors
It's only god the one to blame

Enough to fool the world
We want to know the unknown
Black truth in your eyes

Ending to the wild, surrounded by human-aliens
Nobody's taking over, do you wanna know the unknown?
Romance is fallen
Fighting is not over

Nothing's wrong
Something's wrong

Enough to fool the world
We want to know the unknown
Black truth in your eyes
