It's time for wakin' up now  
it's time to take my rags  
I'm leavin' my own town  
now I'm leavin' with my bags

I close the doors behind me  
Into the hills I go  
If you could only see me  
'cause I want you to know

It's a long way  
out of my own town into your own town  
It's a long way  
out of my own town into your own town

I'm playin' with the fairies  
I'm drinkin' from their wine  
I'm singin' to the music but  
I know it's in my mind

Don't care about the maker  
don't care about the world  
I'm looking for the answers  
while I'm walkin' in the dirt

I'm walkin' over mountains,  
I sail across the sea  
I meet all kind of creatures  
and I feel you're here with me

I'm talkin' to the people,  
I ask them for the way  
But they only stare at me  
believe no word I say

It's a long way  
out of my own town into your own town  
It's a long way  
out of my own town into your own town

And it's a long way  
out of my own town into your own town  
It's a long way  
a long lonely way a lonely way

I know I walk in circles

they say that I'm insane  
But since the day you died  
something changed in my brain

Well it was just too much for me  
I found no help in talking  
Who can show me where to go  
I have to keep on walking

You you're the only one in my mind  
You you're the only one in my mind

And it's a long way  
out of my own town into your own town  
It's a long way  
out of my own town into your own town

And it's a long way  
out of my own town into your own town  
It's a long way  
a long lonely way

I keep on walkin'  
I keep on walkin'  
I'm walking walkin' on

I keep on walkin'  
I keep on walkin'  
I'm walking walkin' on

I keep on walkin'  
I keep on walkin'  
I'm walking walkin' on

I keep on walkin'  
I keep on walkin'  
I'm walking walkin' on  
I'm walking on
