Skate Or die is another Ball On the rail
Life of destroyers and Monsters
It's Painful, one more time
Fuckin' cops tonight!
Leave me alone
Right now!

I feel holy skate for life
And now... I feel holy skate! right now!

The devils skating In brazil
Another day and I brooke my ankle
Believe in the "Pain or die"
Leave me alone for some tricks
Right now!

And now... I feel holy skate for life
And now... I feel holy skate! right now!
