I chased the rainbow  
Searching for the light  
My only inspiration  
She's the most beautiful pearl

I was bruised and battered  
And I'm coming for more  
I'm burning with desire  
I would cross the seven seas

She's got a lonely face  
Disguised in her blue eyes  
I try to resist her but she always wins  
She's got a haunted soul  
She's got a heart of stone  
And it can't be wrong

We had it all, you wanted more  
I lived for you, my only one  
You stole my heart, without a word  
You couldn't wait, now all is gone

A voice inside me  
Tells me not to hope  
But I keep wishing  
For you to come back home

She's got a lonely face  
Disguised in her blue eyes  
I try to resist her but she always wins  
She's got a haunted soul  
She's got a heart of stone  
And it can't be wrong

We had it all, you wanted more  
I lived for you, my only one  
You stole my heart, without a word  
You couldn't wait, now all is gone

I gave you all, my life my soul  
I died for you, my precious one  
You broke my heart, without a sound

You couldn't wait, now all is gone

Sometimes I try  
To find just the illusion  
I'll wait for you to change your mind  
And I will be standing right by your side?

Solo

We had it all, you wanted more  
I lived for you, my only one  
You stole my heart, without a word  
You couldn't wait, now all is gone

I gave you all, my life my soul  
I died for you, my precious one  
You broke my heart, without a sound  
You couldn't wait, now all is gone

We had it all, you wanted more  
I lived for you, my only one  
You stole my heart, without a word  
You couldn't wait, now all is gone

I gave you all, my life my soul  
I died for you, my precious one  
You broke my heart, without a sound  
You couldn't wait, now all is gone
