My life I give to stop your selfish fuckin game.
You say you're different but you're all the fuckin same.
How did we go from the good and peaceful to the war
and the pistol.
I never expected that this world is so cold, so fuckin
cold.

And in the middle of this here we are, stuck between
the light and dark.
But what can we do? How can we be angels when we're
surrounded by demons.

And I am screaming from the inside.
And I don't have the strenght to fight.
I'm loosing all my ambitions.
But the most important thing is that I'm loosing you.

A PROMISE DOESN'T MEAN A THING ANYMORE.
YOUR PROMISE DOESN'T MEAN A THING ANYMORE.

YOUR PROMISE DOESN'T MEAN A... THING.

WHAT A WAY TO END THE WORLD. (x2)
