Pull now the trigger!
The light gleams through my room.
Pull now the trigger!
It's the right thing you gotta do.

I take the pills left there on the shore (The white shore!
)
They make me sweet they make me sure (Of your trick!
)
It's fake what you take better look further from what
you are now.

So tell me what's going on tonight,
Why I feel so observed?

I fill my mind with catchy tunes (CDE!)
They make me swing they make me cool (More than
you!)
It's fake what you take better look further from what
you are now.

The cat said to me "I told you, I told you man!
You can't own me you cannot wear those big bad boots
I was your poet you'll be my paper-cover,
By now I'll take back all the poems you've stolen from
me".

He teases me like a child
But he doesn't know what I still have got for him.

So tell me what's going wrong tonight
I'm watching my back!
I feel obsessed with being the best
But now you want it back.

The cat said to me "I told you, I told you man!
You can't own me you cannot wear those big bad boots
I was your poet you'll be my paper-cover,
By now I'll take back all the poems you've stolen from
me".

The cat said to me "I told you, I told you man!

You can't own me you cannot wear those big bad boots
I was your poet you'll be my paper-cover,
By now I'll take back all the poems you've stolen from
me".
