Who's to say what's right or wrong?  
If it's here or if it's gone?  
If you sing then is it song?

Some live their lives but never "live"  
They take it all but never give  
They claim "they've tried" but never did

Open your eyes, and see the worlds not perfect  
But yes, it's worth it  
So take a chance  
I'll lead the way  
Let's go

Some think they know, some think they knew it from the  
start  
They read the words, yet they claim they knew it all by  
heart?  
As if all of a sudden things just fell apart?

(Believe me when I say)  
Invest your time in what you need  
Nothing in life is guaranteed  
You were in chains but now you're free

Open your eyes, and see the worlds not perfect  
But yes, it's worth it  
So take a chance  
I'll lead the way  
Let's go
