She told him he "didn't fit into her plan"
She said, "There's nothing left to fix, we've done all we
can"
So push came to shove
And he just wasn't enough
So she ran

He told her she meant the world to him
But regardless of the fact, she took him for granted
once again
She kissed him on the cheek
She said "it's over, now be free"
Sink or swim

She needed space
Oh how he longs for her embrace

She left her mark on him, she was his closest friend
But now she's gone
And he's moving on
