Many are stained with souls corrupt, hope they locate
change when old
Enough. A message that I got when growing up, is
drink and smoke pot until
Ya throwing up. So is the world getting colder? Nah,
then I look where them
Soldiers are, wonder why I just wrote that bar, where
we living is poles
Apart. With open hearts I see people building, a bridge
to the world to
Feed some children, a new light to lead some millions,
fight evil, be
Resilient. Role models saying 'grip that gun', we
Marching to a different
Drum. Drugs will bring you a fist of funds but make
your journey a twisted
One. Just begun to see duty's change, seek truth not
pursuit of fame. Some
Choosing to fuel them flames, but they looking like
fools today. If the
Youth decay... Focus dies, time to retrain mobilize,
them old ways have been
Pulverized, we got a new table to roll that dice. Inner
demons like a
Poltergeist had us living so cold as ice. But now kids
got global eyes.
Hopes alive

HOOK

Conquer fear, new ideas; see these kids, pioneers, for
future years,
Visions clear, what this is. 'This is Hope... This is Hope'
New ideas, see
These kids, pioneers, for future years, visions clear,
what this is, 'This
Is Hope'.
Conquer fear, new ideas, see these kids, pioneers, for
future years,
Visions clear, what this is. 'This is Hope... this is Hope'.
New ideas see
These kids, pioneers, for future years, visions clear,
what this is. 'This

Is Hope'.

VERSE 2

Like they sing in Liverpool, you'll never walk alone. Any
girl any fella
From a broken home, anyone neglected in a warring
zone, lost their abode
And was forced to roam. Still they spoke in the warmest
tones, kept Hope as
A cornerstone, from these gifts we ought to grow, I quit
spitting them
Morbid poems. Like cortisones to stop the hate
swelling, still see pain in
Locked away felons, still need change and lots of
rebellious, use brains we
Got to be heading, in the right direction, right
progression, minds can be
Quite perplexing, my confession, life is testing and
positive thought
Fights depression, like songs of Michael, read the
Bible, read Koran, heed
Disciples, love is vital in the eyes of Buddha, and even
scribes from the
Tribes of Judah, One word to describe the future...
Hope.

HOOK

'This is Hope', futures here, 'This is Hope, this is Hope'.
