We like to rock  
We like to roll  
We like to smash our amps and  
Lose control  
In your little punk band  
One night stand  
You got blisters now  
On your hand

Your head is full of rage  
Try and act your age  
Try to grow up for a while

You got your hair dyed  
So you'd be desired  
By some gothic girl  
But she wasn't inspired  
You said that you'd tell her  
How you felt one day  
Send her a letter  
When (if) you moved away

Your head is full of rage  
Try and act your age  
Try to grow up for a while

One day you'd show them  
How you're emnat to play  
Go down like a rocket  
In the U S of A  
So play your guitar  
And you will go far  
Straight from the suburbs comes  
A Brand new star

Your head is full of rage  
Try and act your age  
Try to grow up for a while  
Your head is full of rage  
Try and act your age  
Try to grow up for a while
