I don't wanna touch what I can't feel  
I don't wanna look when I can't see  
Things are flying through my head  
All the fucking lies that I can't stand

Someone wake me up from this nightmare  
Before I'm gonna wake up dead  
Every little thing that I can't control  
Like a missile, seek and destroy

Cracking, breaking, I won't take it  
Triggers my insanity  
Trying to find the answers in my life  
My mind is empty, my eyes are blind

I don't need your sympathy, don't want you to stare at  
me  
Drowning in my hollowness  
Scratch the surface, you will find, dead man searching  
suicide  
It's a good day to die

Aiming for the things that I can't have  
Aiming high and no-one cares  
Turning up and tuning in  
My own battle I can't win  
When will I be next in line  
To trigger my soul so I can stay alive  
Don't need your sympathy, don't want you to stare at  
me  
Drowning in my hollowness

Scratch the surface, you will find, dead man searching  
suicide  
It's a good day to die  
I don't want your gratitude, I was never good for you  
Shape of the emptiness

Scratch the surface, you will find, dead man searching  
suicide  
It burns inside, don't be afraid  
Don't need your sympathy, don't want you to stare at

me  
Drowning in my hollowness

Scratch the surface, you will find, dead man searching  
suicide

It's a good day to die

I don't want your gratitude, I was never good for you

Shape of the emptiness

Scratch the surface, you will find, dead man searching  
suicide
