Listen here, try me out
Can you understand a word that I say?
Life will never turn out the way you want it
Working hard like a slave

'Cause you chose to take the honest way
Why did the wind always blow cold
And always the wrong way?

You got to keep your head high and try to be strong
They will try to steal everything you own
It goes on and on and on
On and on, on and on, on and on

Grab the bull by the horns
Try to make something out of your life
You're the only one that can make it happen
The fire in your eyes is slowly fading out

You cannot give up your dreams
You got to go on and on and on
On and on, on and on, on and on

Giving up is easy just to throw away your life
If you want to take control you can't give in without a
fight
It goes on and on, on and on
On and on, on and on, on and on, on and on
