I'm stressed out of my mind  
I can't seem to find what's up and down  
I'm frustrated and short for time  
Life's a mystery, won't you agree with me?

What doesn't kill you makes you stronger  
I don't believe in that anymore

Reach out and regret  
Run for your life  
I feel it's pushing me to the edge

The puzzle I try to complete  
Is getting short on parts and I don't know why  
One step forward  
Two steps back  
I'm marching backwards  
I'm marching on a thin line

What doesn't kill you makes you stronger  
I don't believe in that anymore

Reach out and regret  
Run for your life  
I feel it's pushing me to the edge  
Reach out and regret  
Run for your life  
The dreams you crushed  
I never forget

Should I sweat over these things that's not in my hand?  
Should I really care? Am I a boy or a fucking man?

Should I care about these things inside of my head?  
Why's that?  
I won't pretend that it doesn't bother me  
No way!

Reach out and regret  
Run for your life  
I feel it's pushing me to the edge

Reach out and regret  
Run for your life  
The dreams you crushed  
I never forget
