I never do it for nothing
It's never been for free
I never cared about nothing
Unless it satisfied me

My only game is surviving
And try to stay alive
I'm struggling in the underworld
That suffocates my life

Suicide machine
Locked up in this cage
Suicide machine
I don't understand

They tried to shut me up
They tried to shut me down
They tried to throw me away, I'll never give it up
I'm never gonna stop, I will fight to the end

I'll stand tall, I'll break bones
I'll give them hell
No bullshit and I'm still here
You better catch me dead

Suicide machine
Locked up in this cage
Suicide machine
I don't understand

You have always tried to crush
And break me down
But I will never ever give up
Without a fight

I am the man
And it will always be me
Dreaming of a life in peace
But it was never meant for me

Suicide machine
Locked up in this cage

Suicide machine
I don't understand

Suicide machine
I don't understand
Suicide machine
I don't understand
