She's got everything, but me
But she still laughs on the corner step
In the rain
And I've seen what, you have seen
This is not what you have, ever dreamed
Ever dreamed

If the lights fade out in your eyes tonight
Everything falls and you can't hide
I'll burn this place that haunts your mind
So please don't fade away tonight

She's got everything, but me
But she still cries to herself
In the rain
And I've been what, you have been
And this is not what you were meant to be
Meant to be
Meant to be

If the lights fade out in your eyes tonight
Everything falls and you can't hide
I'll burn this place that haunts your mind
So please don't fade away tonight

Don't run away

Don't run away
Don't run away

Can you take back the scars
And leave the past behind you
Don't run away
Can you take away the scars that blind you
Blind you

If the lights fade out in your eyes tonight
Everything falls and you can't hide
I'll burn this place that haunts your mind
So please don't fade away
Fade away

If the lights fade out in your eyes tonight
Everything falls and you can't hide
I'll burn this place that haunts your mind
So please don't fade away tonight

If the lights fade out
Please don't
Please don't fade
Please don't
Please don't fade
Please don't
Please don't fade
