Just tell me tonight will never end x2
Because I have wanted this for so long
Time always finds a way to sneak up on you

Time will stop now
This will all end
Time will Stop
This will End

No matter how hard you hold on,
Time will escape you

Time will escape us
What may seem like an eternity
Is only just a moment in time

We are nothing more than a ripple x2
Never look back
It's only a matter of time for us

Destiny has nothing to do with us
