This episode played over, over and again  
Your routine gets old  
And I doubt you're one to change

I can feel your eyes burning through me  
Your eyes of courage, Your eyes of strength  
Burning right through me,  
Burning right through me  
Burning.

But when it's all said and through,  
You're still a sight for sore eyes  
With one deep breath,  
I scream to you,  
"I promise you, I will never fucking change!"

Not me. Not now. Not me. Not now.

You said "It's been forever since I've last seen you"  
And sometimes I wish you knew  
How important you are to me.  
And what I wouldn't give to be able  
To call you my friend...

You whisper in my ear,  
You whisper "I hate you"
