Things are shaking
My world is changing
I've watched my life disappear
Hallucinating everything
My mind is so far from clear

A horrid person takes over my eyes
He's only coming for me
He is a part of me
This is a part of me

My sense of reality dies
This is something I cannot find
My life grows it's own
This struggle is unknown

This is a trip I will never forget
The direction starts to slip
This is a trip I will never forget
The direction starts to slip

I can see them follow
Tracking every step
I can hear them howl
Shout until I break
I can see them follow
Tracking every step
I can hear them howl
Shouting until I'm...

Distracted
From these actions
Controlled without a conscience
Distracted
From these actions
I'm controlled without a conscience

This is who I am
Changing with my surroundings
Running from everything I can't escape
This is who I've become a slave to my own mind
Running from everything I can't escape

These voices become unbearable
Yet the only thing that's reliable
Waking up oblivious, paranoid and anxious

You don't know who I am
Inside I'm another man
Deep down lies a fucking demon
