This is where we all find out about each other, about
the things we knew.

So tell me, are you in or out?

I'll find another.

Another one like you, and I'll say...

"Tell me you'll only walk like you're lonely."

"Tell me you'll only walk like you're lonely."

I wanna lock the doors.

This storm is forever gold.

I wanna lock the doors.

This storm is forever gold.

Sing it softly to us,

You'll know it's right.

My eyes have shut so tight, hoping for love.

Will I be something to you when all is right?

I hope you find this song before you find yourself in a
lie

By then, you'll be, a smoking figure in the sky

We'll see you burn out the night, and take us this song
to light

It never seemed this right for it to all go wrong.

When it's all over,

Dream this out at night.

Well you feel my hand upon your face

Feel strong, this heart is out of place.

(Tell me that you want to.)

Another one like you, and I'll say...

"Tell me you'll only walk like you're lonely."

"Tell me you'll only walk like you're lonely."

I wanna lock the doors.

This storm is forever gold.

I wanna lock the doors.

This storm is forever gold.

Sing it softly to us,

You'll know it's right.

My eyes have shut so tight, hoping for love.

Will I be something to you when all is right?

I hope you find this song before you find yourself in a
lie

By then, you'll be, a smoking figure in the sky
We'll see you burn out the night, and take us this song
to...

Sing this song in search of another
Take us now as we've changed our paths.
Only to know one another, we will both find this isn't
ours...

Finally we are home (x6)
