Hold me closer, and I would've never known  
Well this is something so important  
We'll just keep dreaming while we are here  
This is why you never know

Well don't you dare think everything is easy  
I don't wanna be lost inside of this  
'Cause if we're going through, we're gonna start over  
Moving quick, moving quick, moving quick now...

Well don't shake it off until we shake it  
Well don't think you can make it out alone  
Will my heart be fine if you break it, if you break it, if  
you break it?  
Well these are the words that you find only quick

Hold me closer, and I would've never known  
Well this is something so important  
We'll just keep dreaming while we are here  
Well will you say this is all because of you?  
Why do you really think that I would not be true?  
We want it all, lets take it all  
(Lets take it all! )

Let me tell you one time is only fair  
The thought of loving you has never felt so real  
So tell me twice now, trying to be nice now  
Is this reality or is it all you can say?

Well this is where both where we become so real  
These are the nightmares we'll dare sky  
With our voice to the sky and on this lullaby  
Is this reality or is it all you can say?

Hold me closer, and I would've never known  
Well this is something so important  
We'll just keep dreaming while we are here  
Well will you say this is all because of you?  
Why do you really think that I would not be true?  
We want it all, lets take it all  
(Lets take it all! )

Hit it!  
Yeah!  
So show me what you got, now!  
Well don't say, you say!  
If your good!  
Yeah this is all we know... !

Hold me closer, and I would've never known  
Well this is something so important  
We'll just keep dreaming while we are here  
Well will you say this is all because of you?  
Why do you really think that I would not be true?  
We want it all, lets take it all  
(Lets take it all! )
