Fear the wrath!

The shadow of death hunts in darkness  
Searching for victims unknown  
Attack while they sleep  
Devour the weak  
His lair of evil awaits  
Eyes now matted shut  
Your face is caked with blood  
Nothing can stop the torture

Fear the wrath  
The end is near  
Fear the wrath  
Death is here

Feel the claws  
Tear your flesh  
As the blood  
Runs down your neck

Bloodthirsty claws  
Ravaged the weak  
As they slept under the moon

Under the moon  
Fear the Wrath  
The endless Pain  
Being ripped apart  
And torn to shreds  
He will drink  
The blood of the dead  
Dead

An eternal thirst could not be quenched  
His bloodlust continued to reign  
Helpless as it seemed  
Sorrow reigned supreme  
The shepherd of death was near  
Eyes glaring and fierce  
Body full of rage  
Evil you shall fear

Fear the wrath  
The end is near  
Fear the wrath  
Death is here

Angry jaws of doom  
Snap life shut  
As your torn bloody  
Remnants fall

Fear the wrath  
The end is near  
Fear the wrath  
Death is here
