You say, you say you were nothing  
But nothing will go wrong

It may, it may be a point of  
View to come along

Say what you say what you believe is one thing  
Another is this song

You'd stay, you'd stay the way you are  
Instead of being anyone

Dear little bugs  
Dear little bees  
Dear little dandelion  
What you got is mud  
What you got is trees  
Always got your summer dress on

Dear little bugs  
Dear little bees  
Dear little dandelion  
It's all you got  
It's all you need  
It's all you can rely on

You say you say you were nothing  
But nothing will go wrong

You'd stay you'd stay the way you are  
Instead of being

Dear little bugs  
Dear little bees  
Dear little dandelion  
What you got is mud  
What you got is trees  
Always got your summer dress on

Dear little bugs  
Dear little bees  
Dear little dandelion

It's all you got  
It's all you need  
It's all you can rely on
