I remember when  
You treated me kind  
And the time was spent  
Under the? we swore

But you loved me then  
You left behind  
I remember you  
Forever and the day you lie

I will never forget you  
I will never forgive you  
I would never forsake you  
I would never forgive you

For giving me  
The best days of my life so far  
For showing me  
The best days of my life so far  
Then taking them  
Away

I recall the day  
The tears to my eyes  
I remember that  
Was the day I laid down and died

I spend my time  
Just pinning away  
Nothing else to do  
Before this misery

I will never forget you  
I will never forgive you  
I would never forsake you  
I would never forgive you

For giving me  
The best days of my life so far  
For showing me  
The best days of my life so far  
Then taking them

Away
