Your love is beautiful.
Your love is sensual.
My love will puncture your skin.
My love goes all the way in.

Your love is poetry.
My love is sodomy.
Your love is Everything.
My love is Anything.

We believe it's personality,
but it's really sexuality.
We put faith in love and honesty,
but the stuff that makes our history and sets us free
is curiosity.

My love is physical.
A shameless animal.
One with all riding the wave.
A childish lust feeling it's way.

We believe it's personality,
but it's really sexuality.
We put faith in love and honesty,
but the stuff that makes our history and sets us free
is curiosity.

You say love's divine.
(my love is beautiful/your love will puncture your skin
/we believe it's personality)
Well baby, so is mine.
See the only time I hear you take the name of the Lord
is when you're tied to the bed with your face against
the head board.
So, do you take it in vain?
Then why would you take it again and again?

We believe it's personality,
but it's really sexuality.
We put faith in love and honesty,
but the stuff that makes our history and sets us free

is curiosity.
